

Health, Safety & Environment Policy

Essel Propack is committed to achieve and sustain high standards of occupational health, safety & environment by; prevention of injury & ill health, reducing and controlling pollution to safeguard the well-being of those working on, visiting and living near our operations worldwide. We are committed to:

- Develop, design, operate and maintain facilities and process that are safe, healthy and environmentally friendly.
- Develop, introduce and maintain system, establish appropriate standards of Occupational Health, Environment and verify compliance with these standards by means of regular audits.
- Conservation of natural resources by optimising usage of resources, minimizing the generation of waste and adopting recycle and reuse policy wherever possible
- Set annual improvement objectives, targets and review these to ensure compliance.
- Involve all employees in the implementation of this policy by providing proper training and opportunity.
- Provide for dissemination of information on health, safety and environment at work by establishment of suitable Communication network both within EP and outside bodies.
- Adhere to the local Legal, Statutory and Regulatory requirements.

Ashok Goel
Vice Chairman & Managing Director
