

Quality Policy

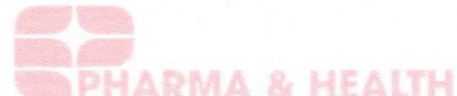

Essel Propack is a global organization providing specialty packaging materials & solutions to range of sectors including Beauty & Cosmetics, Pharma & Health, Home, Food and Oral Care. Every member of Essel Propack family is passionate about and committed to:

- Meet and exceed customer's requirements with respect to Quality, On-Time Delivery and Service Reliability.
- Comply with all laws and regulations relating to Quality, Safety and Performance Requirements in all countries in which EP products are sold.
- Strictly adhere to EP's Harmonized Manufacturing Policy (HMP) and Good Manufacturing Practices (GMP) to achieve continual improvement in products, processes and services.

This will be achieved through documented and reviewed Quality Objectives, Process Improvement activities.

RESPONSIBILITY AND AUTHORITY:

- The Vice Chairman & Managing Director of Essel Propack has the ultimate responsibility and authority for the application of this policy.
- The overall responsibility and authority is delegated to Global Head Quality for effective implementation. Regional Quality Head of each region is responsible for dissemination and implementation of this policy in their respective region.
- The Unit Heads of each manufacturing unit, the unit level Management Representative, and all functional leaders will be responsible for effective implementation at the unit level.
- Each employee of EP is empowered to be responsible for compliance to this policy.

Date: 15th January, 2015.

Ashok Goel
Vice Chairman & Managing Director
